

SOLAR STREET LIGHT [ALL IN ONE]

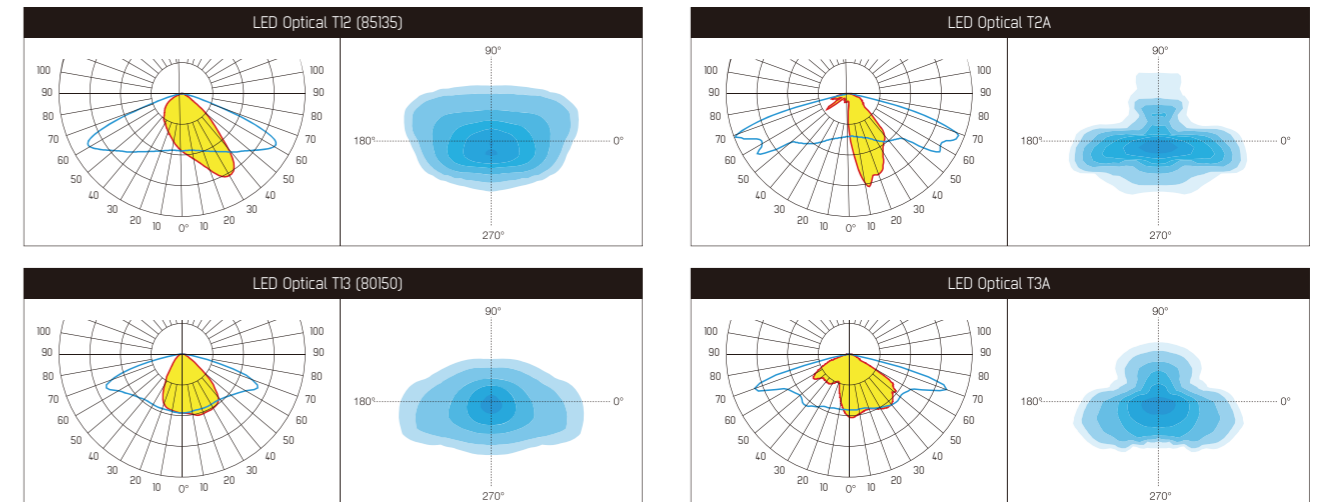

[Application]

- Urban lighting
- Suburb lighting
- Auxiliary lighting
- Area lighting

[Feature]

- High luminous efficiency, reach 160lm/W
- Die casting aluminum material, excellent aesthetic design, chrome finished
- MPPT regulator/controller, charge efficiency increased much
- Durable, long lifetime, and last more than 50,000 hours
- Green product, no UV or IR radiation, no mercury pollution.
- High enviromental friendly working, ingress protection IP66.
- Abundant ies files can be optional for different lighting, type I, type II, type III...
- suitable for long distance lighting requirement
- Automatically work on and off, with timer or motion sensor
- Each night 12hrs, system work with dimming model at deep night
- With battery monitoring system, keep system work as long as possible
- Suitable working at high temperature condition
- Easy of installation and free of maintenance
- Bluetooth app remote control is optional

[Lighting distribution curve]

[Parameter]

Code	Wattage	Luminous Effi	LED chip	Lamp size	G.W
M18-A10-30	30W	160 lm/w	BRIDGELUX	910*455*210mm	12.5kg
M18-A10-60	60W			1270*455*210mm	17.0kg
M18-A10-90	90W			1700*120*460mm	21.0kg
M18-A10-120	120W			2020*120*460mm	25.5kg
